

When I close my eyes

miguel ángel pérez arteaga

When I close my eyes

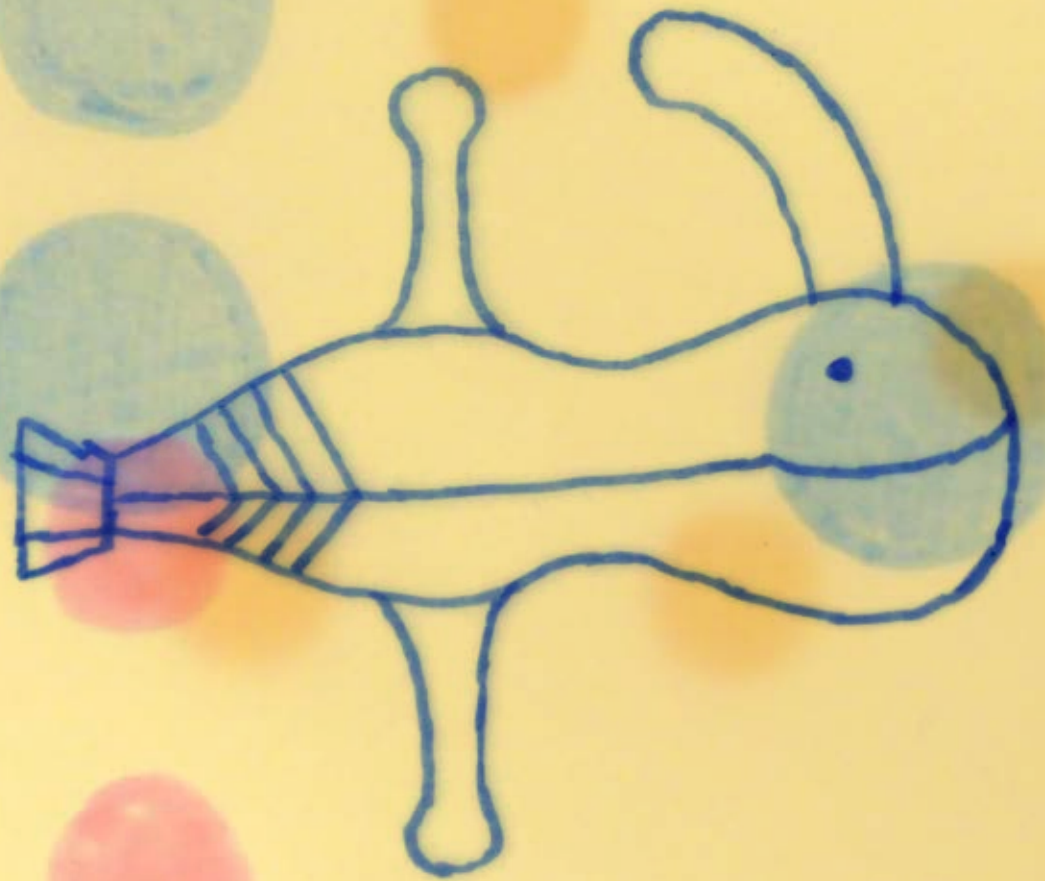

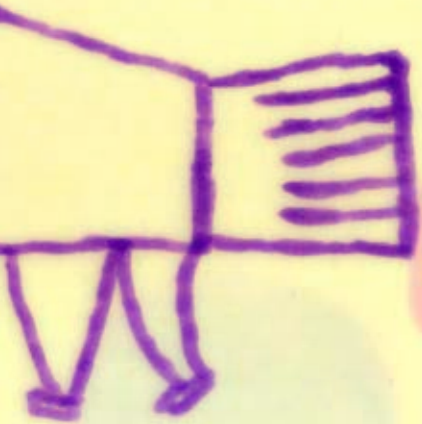

I see little colour dots

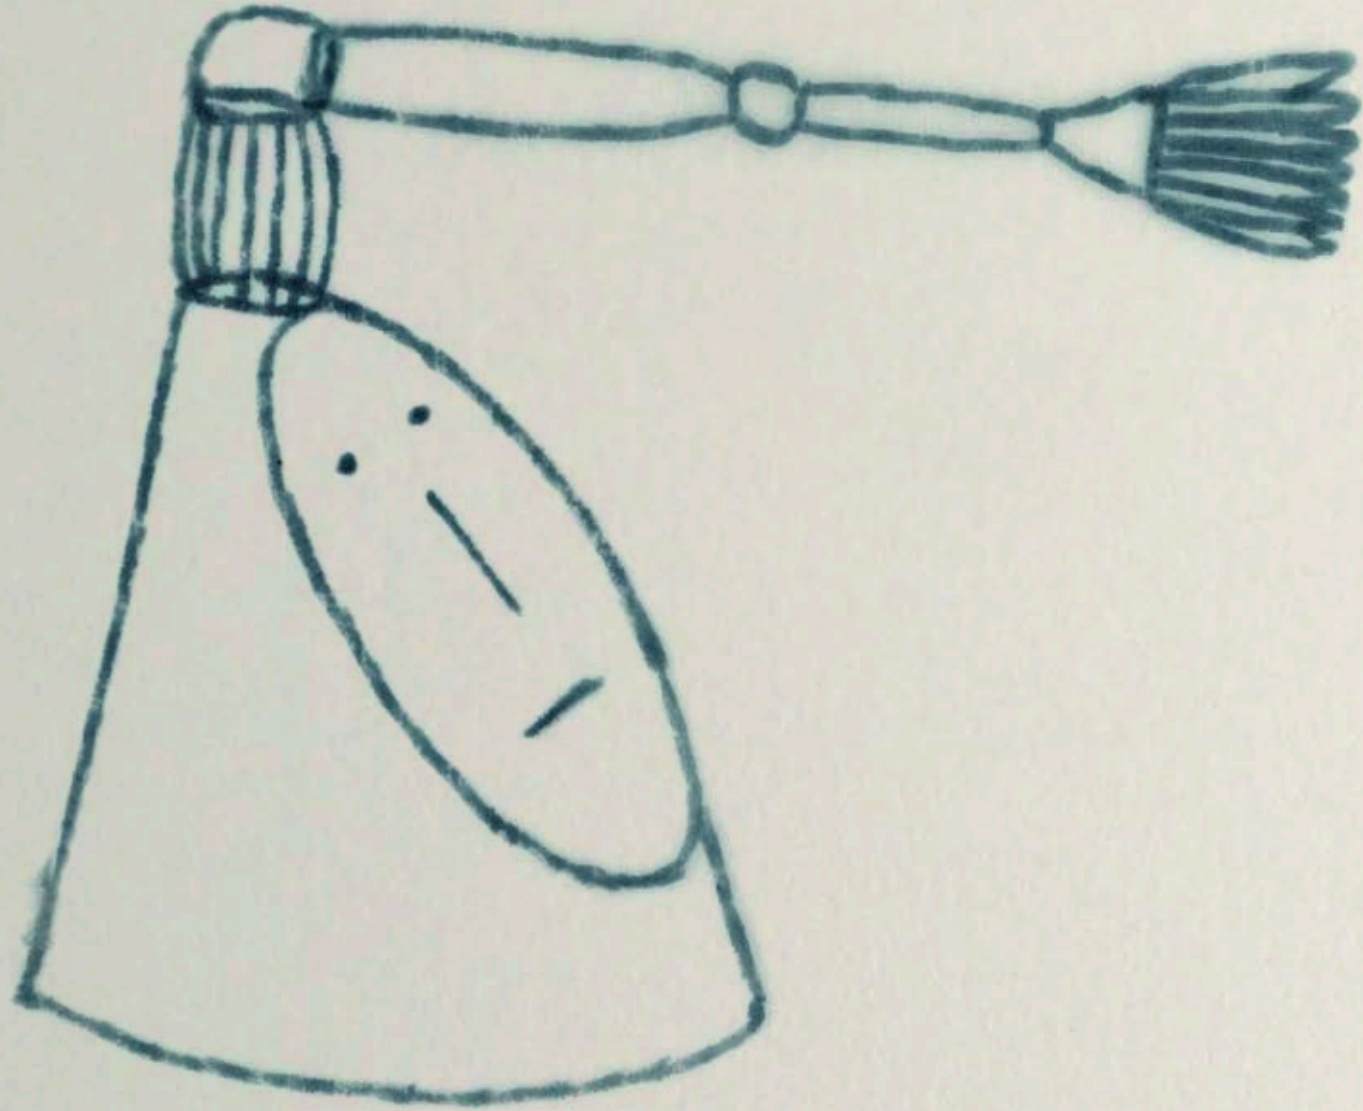

bubbles
moving around
everywhere

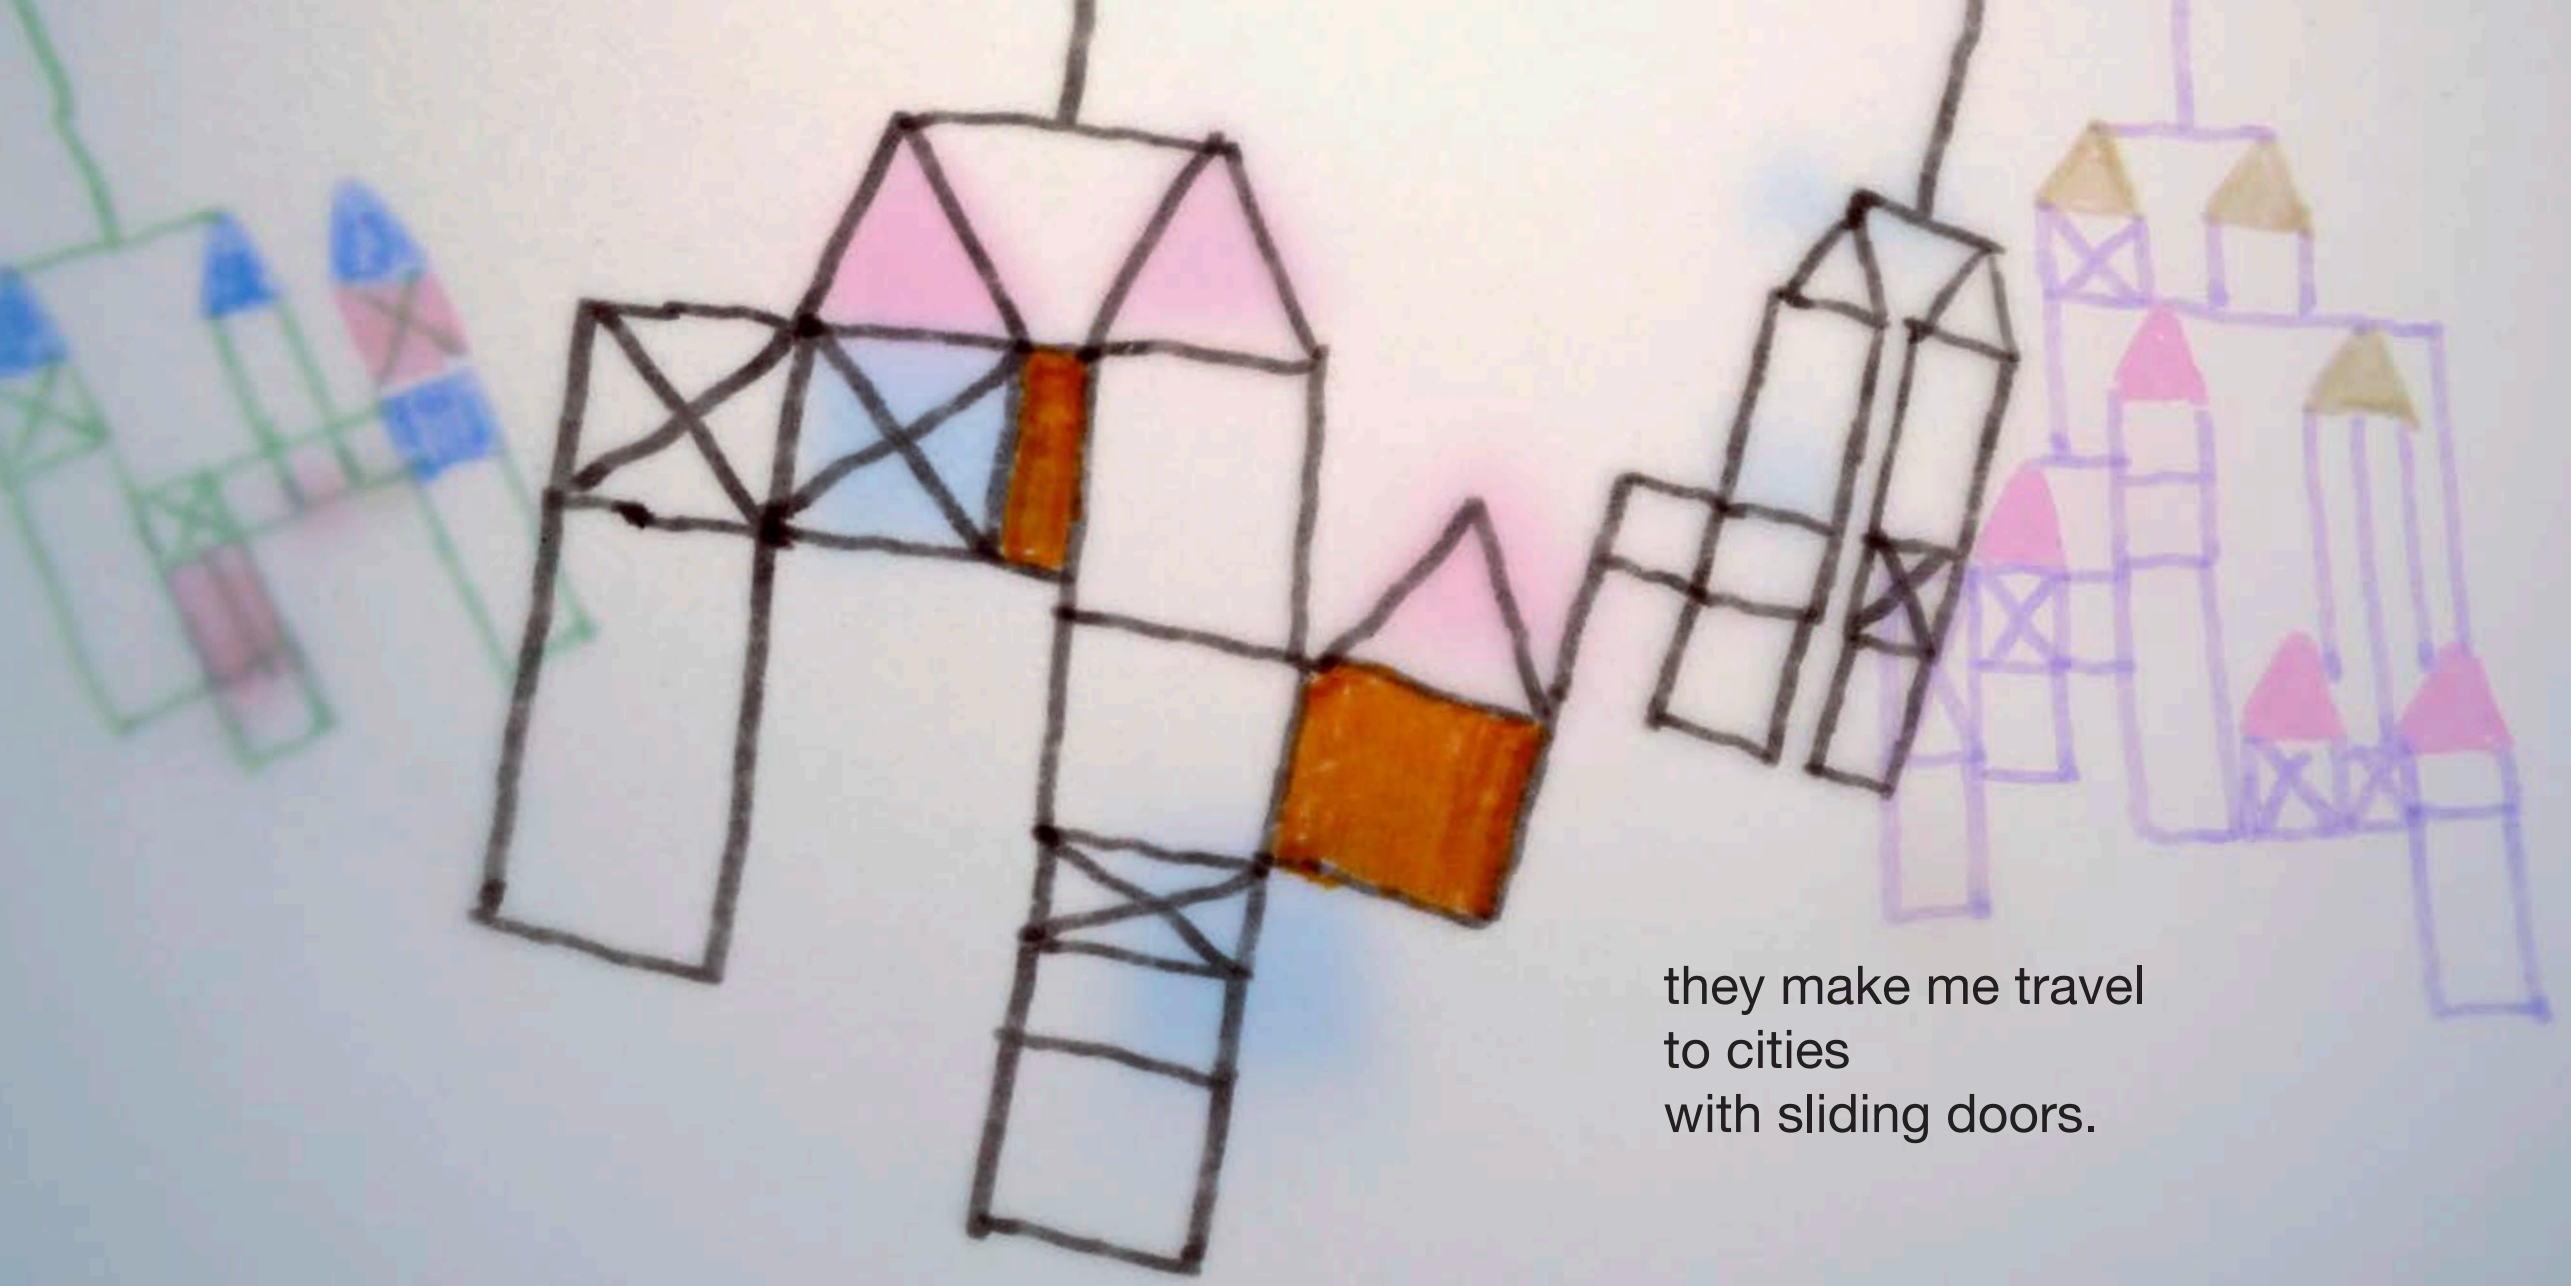

and the glutton fish
swim happily.

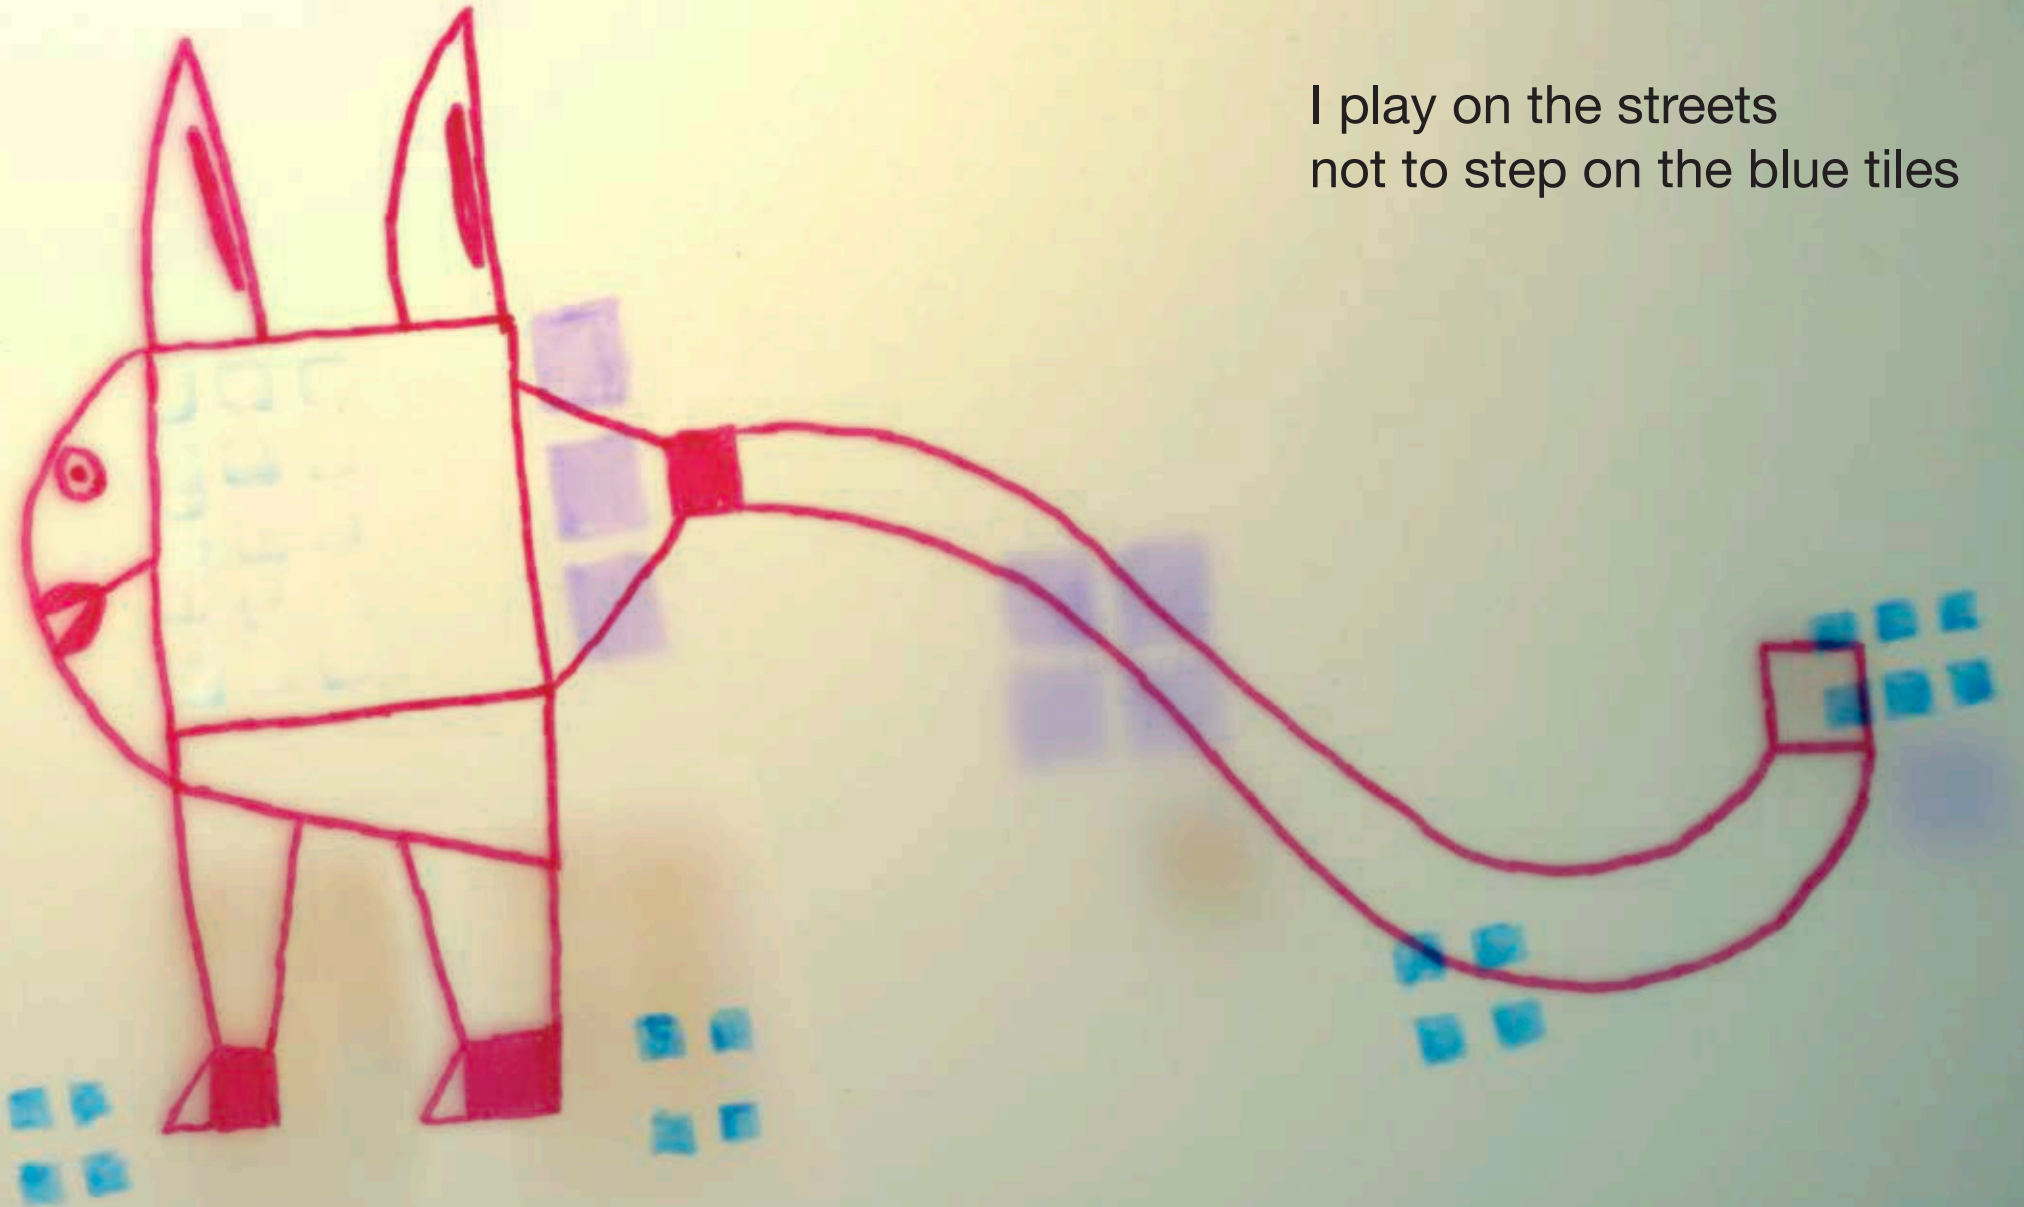

When I close my eyes

I invent Japanese songs

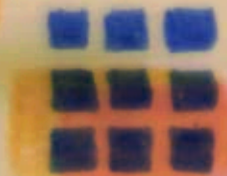

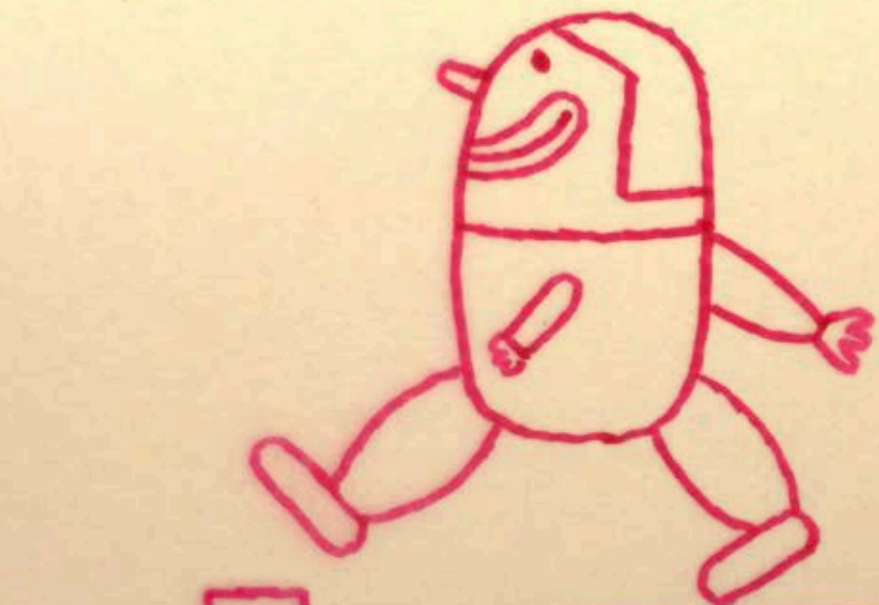

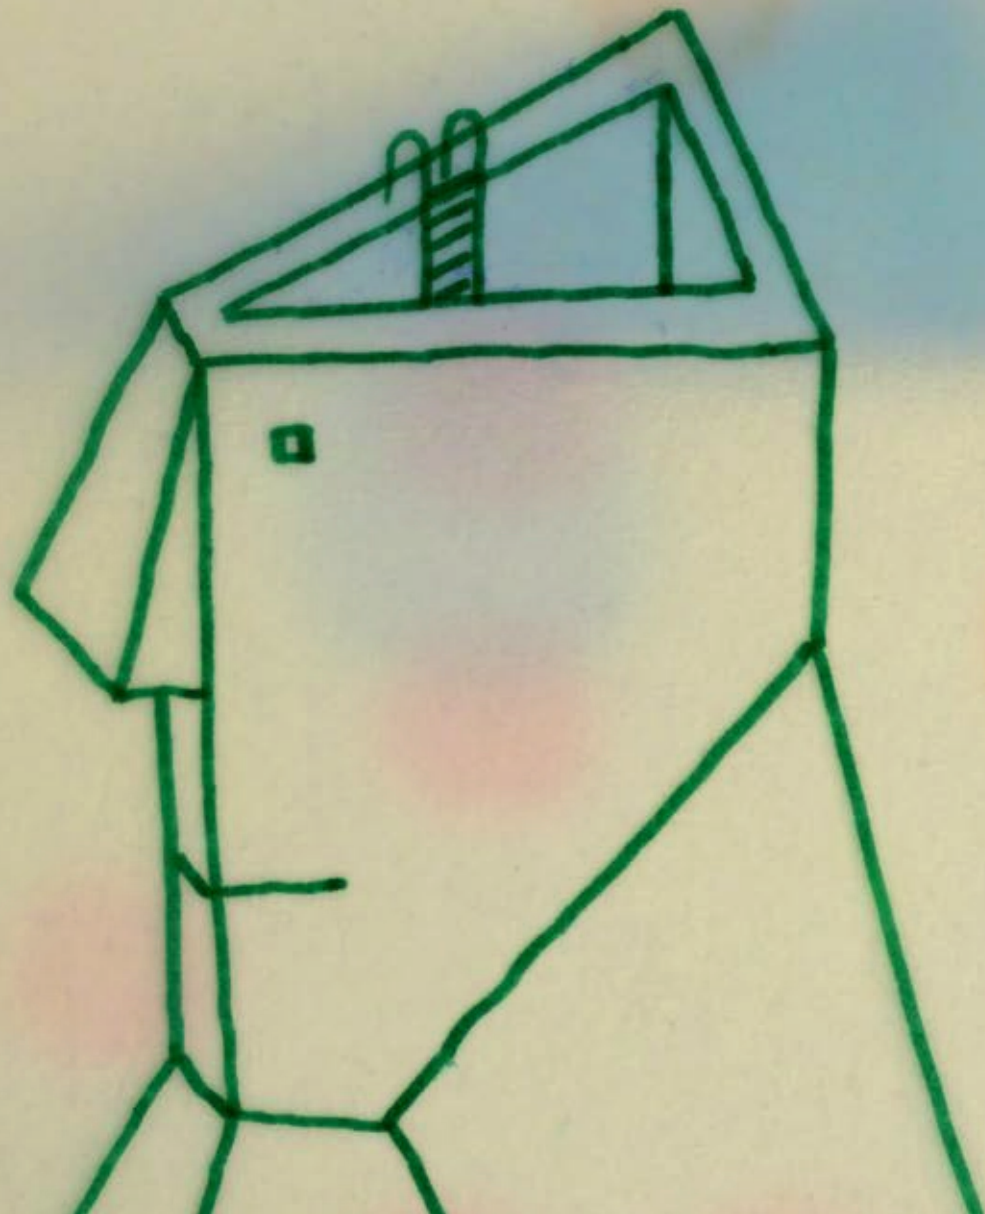

they make me travel
to cities
with sliding doors.

I play on the streets
not to step on the blue tiles

I follow steps to the sky

and I jump in a pool

where I see colour dots

when I close my eyes.
